Maureen Cook, DPW Administrator, at 973-427-5330

Styrofoam & Christmas Tree Collection January 2020

The Hawthorne Green Team and Borough of Hawthorne's next Winter Styrofoam Drive is scheduled for Saturday January 4th, 2020 from 9am-12pm at the Municipal Building Parking lot. (Snow date to be Saturday January 11th, 2020). We recognize with the upcoming holiday shopping, there will be a lot of styrofoam packaged with various toys, electronics and appliances. We are asking all Hawthorne residents to hold onto their styrofoam to drop off for the January 2020 collection date. We will be collecting clean packaging Styrofoam only. Peanuts, cup, and food containers will not be acceptable.

Residents can also bring their Christmas Tree and Wreath (w/out wires) to the Municipal Building parking lot in addition to your regular Yard Waste day during January. Please remove the garland, tinsel, lights, decorations, tree stand, and wire used to secure tree, wreaths, and greens.

Notifications will be posted on the town billboard, various social media & community pages and on NIXLE. You can register for NIXLE at www.nixle.com and get instant town text messages on your smart phone with important town events and information.
