July 11, 2016

Dear Resident,

I hope you are enjoying the summer season. Good weather means extended outside activities, and I know that some of you have fire pits or other instruments that let you enjoy an open fire in your backyard. Please be advised that under State law the burning of treated wood, garbage & recycling is not permitted. Also, be considerate of your neighbors when you are enjoying your fire pit on windy days, as smoke travels and affects your neighbors, especially children with breathing problems. Enjoy your summer.

Sincerely,

Richard S. Goldberg  
Mayor
