Permit Application

Date:_____

Application is hereby made for: **HOT TAR ROOFING**

Property owner_____

At the following location: _____

I understand that a permit shall constitute permission to maintain, store, or handle materials or conduct processes which produce conditions hazardous to life or property, or to install equipment used in connection with such activities in accordance with the provisions of The NJ Uniform Fire Safety Code. Such permission shall not be construed as authority to violate, cancel, or set aside any of the provisions of this Code. Said permit shall remain in effect until revoked, or for a period of ONE YEAR unless otherwise specified. Permits are not transferable and any change in use, operation, or tenancy shall require a new permit.

Applications are approved by the Fire Marshal with the intent that they comply in all respects to the Code. Any omission or error on the application does not relieve the applicant of complying with all applicable requirements of the Code.

The Fire Marshal may revoke a permit issued under the provisions of this Code if upon inspection any violation of the Code exists, or if the conditions of a permit have been violated, or if there has been any false statement or misrepresentation as to material fact in the application, data or plans on which the permit or approval was based.

Any permit issued shall become invalid if the authorized work or activity is not commenced within six months after issuance, or if the authorized work or activity is suspended or abandoned for a period of six months after the time of commencement except as provided for in N.J.A.C. 5:70-2.7.
