FLAG SALUTE

Council President Matthews invited all present to join him in the flag salute.

STATEMENT

Adequate notice of this meeting has been provided by the Annual Schedule of regular meetings heretofore adopted and posted on the Public Bulletin Board at the Municipal Building, emailed to the Hawthorne Press, Herald News, Record, The Gazette and all persons who have requested the mailing of such schedule, and a copy of said schedule has remained on file in the office of the Borough Clerk from and since December 6, 2012.

APPROVAL OF MINUTES

Council President Matthews entertained a motion to approve the Regular Minutes of August 21, 2013 moved by Council Vice President Bertollo, seconded by Councilman Mele. On roll call, all voted yes.

PUBLIC COMMENT (Agenda Items Only)

Council President Matthews opened the meeting to the public. He stated if anyone desired to be heard, please raise your hand to be recognized, come forward to the microphone state your name and address and sign the sheet for the record. He stipulated this be for agenda items only.

Seeing none, Council President Matthews entertained a motion to close the public portion, moved by Council Vice President Bertollo, seconded by Councilman Sinning. On roll call, all voted yes.

ADOPTION OF ORDINANCES: None.

OLD BUSINESS:

Councilman Lane asked Borough Administrator Maurer if he received a report from the police department regarding the 5th and Rea Ave parking issue. Administrator Maurer stated the police department has been monitoring the parking situation in the Utter, 5th, and Rea Ave area and stated it has generally improved. Administrator Maurer stated that the missing signs have been replaced and the police have asked businesses in the area to inform their employees about proper parking. Councilman Lane asked about the status of the installation of sound barriers for Premio. Administrator Maurer stated that Premio has ordered the barriers. Councilman Lane asked Attorney Pasquale if the ordinance for corner lots has been reviewed. Attorney Pasquale indicated it would be ready for the next council meeting. Councilman Lane asked Attorney Pasquale the status of the appraisal for the Pyrolac property to which Attorney Pasquale stated it has been ordered but not yet received. Councilman Lane also asked Attorney Pasquale for an update on the Pan Chemical lawsuit. Attorney Pasquale stated that the judge has yet to render a decision of whether the individual owners are liable. Once this decision is made, the lawsuit will be dismissed. The DEP has taken over the enforcement in order to ensure cleanup. An LSRP has been hired by Pan Chemical to oversee the cleanup. The LSRP report will be due during the first quarter of the year; this will commence the

cleanup activities. This lawsuit has located sources for funding for the cleanup and brought the DEP into the situation. Councilman Lane concluded by noting that the project on Goffle, Braen, and Rock Roads will be bid in December and construction is estimated to begin in April. Councilman Lane thanked the Freeholders present for their support and vote of confidence in this endeavor.

Councilman Mele inquired about the status of the tennis court repairs. Engineer Boswell stated there are 1100 feet of cracks and will cost approximately \$25,000.00 to repair. This repair will last longer than the original asphalt. This repair must be done during weather above 50 degrees. Administrator Maurer will request the varsity tennis team's schedule in order to coordinate the repairs accordingly.

Councilman Wojtecki asked Administrator Maurer for an update on the Paterson Board of Health contract. Administrator Maurer stated that he has spoken with Paterson's business administrator and attorney; however, there is no contract yet but action to develop a contract has been promised. Councilman Wojtecki asked if a second coat of asphalt will be applied over the manhole on Goffle Road. Engineer Boswell stated that if it becomes a problem in the future, it can be repaired. Councilman Wojtecki concluded by noting that tow trucks are once again parking behind 85 Goffle Road and Wagaraw Road.

NEW BUSINESS:

NB-1 Freeholders Duffy, Lepore, and Cotroneo presented a check in the amount of \$53,500.00 from the Open Space Grant for the construction of a Bandshell and Restrooms near the Municipal Pool.

Councilman Wojtecki asked when the sidewalk on the corner of Warburton Ave will be completed. Engineer Boswell stated that the contractor did not want to complete this project until the change order was approved. The council approved the change order last meeting and the contractor will be completing the project while in town for concrete repairs. Councilman Wojtecki asked if the hours for the shooting range have been increased and if other police departments have been authorized to utilize it. There have been gunshots resonating from the range early on Sunday mornings and unknown police vehicles were sighted at the range on Tuesday night until 10:00 p.m. Mayor Goldberg responded by stating that the Gun Club has reserved the range for Sunday mornings. Another police department's range was under repair and some of their officers needed to get qualified at night; thus, they were present at Hawthorne's range at the said time. Administrator Maurer stated that he would find out parameters that would be more acceptable and the costs of having other towns use the borough's range.

ADMINISTRATIVE AGENDA PRESENTED BY MAYOR GOLDBERG:

Mayor Goldberg's Report

Thanks to everyone involved in the street and memorial dedication for Patrolman Meyers last Friday, September 6, 2013. This event brought peace and closure to many people and provided remembrance for Officer Meyers, who was killed in the line of duty. Mayor Goldberg congratulated the Boys and Girls Club's fundraiser success on Saturday, September 7, 2013. Mayor Goldberg thanked the Passaic Valley Sewage Commission for their cleanup of Goffle Brook on the south end of the Borough. The commission has promised to look into the north end of the brook for further clean up. The 9/11 memorial dedication will occur on September 11, 2013 at 7:00 p.m. The memorial will serve as a tribute to the victims and the survivors in addition to the spirit of the Borough of Hawthorne. Goffle Road from Goffle Hill Road to Lafayette Ave will be closed. Handicap parking will be available in the Ambulance Corps parking lot. General parking will be available on local streets. Mayor Goldberg thanked Glen Rock for providing coverage for the Fire Department and Ambulance Corps during the ceremony.

REPORTS:

Borough Attorney Pasquale

Hawthorne Day will be held on October 5, 2013. Attorney Pasquale congratulated the PBA and Mayor Goldberg on the dedication for Patrolman Meyers. Attorney Pasquale stated that he has had discussions with the attorney representing 204 Wagaraw Road in order to finalize aspects of the rezoning for this area and all of Goffle Road. The ordinance committee will be getting a redrafted ordinance at the next meeting being held Tuesday, September 17, 2013. The judge has granted a 60 day extension to finalize the introduction and adoption process. Attorney Pasquale stated that he received a brief for the 7/11 matter. Mr. Collins and Attorney Pasquale will be submitting briefs on behalf of the Borough for the Zoning Board which will be due in the next two weeks. Attorney Pasquale noted the zoning board agreed that Mr. Pallotta's determination to shut down the In Spa

business was justified. The owner of In Spa, despite having an employee plead guilty to an offense, has kept that employee on staff. The Borough of Hawthorne is prepared to continue to oppose the presence of In Spa and is committed to having the business leave the Borough.

Borough Engineer Dr. Stephen T. Boswell

Goffle Road Manhole - Four (4) manholes on Goffle Road as part of the deep sanitary system are experiencing settling issues. We have requested a price from Colonelli to address. Colonelli is replacing the Warburton Bridge for the County.

Rock/Braen/Goffle Intersection - The County expects to receive bids in December and construction could begin in the Spring of 2014.

Cornell Avenue Sewer Repairs-The project is advertised with bids to be received on September 12th at 11:00 am.

Goffle Brook Bank Stabilization-All the walking paths have been formed but the top coat has not yet been installed. A sixth tier is to be added to the Warburton retaining wall and the wall(s) near Brookside still need to be installed once the County receives the easement. The contractor is continuing with the planting of trees and the installation of the park benches.

Water System Improvements-Some, if not all, of the proposed improvements are to be funded in 2013.

UST Groundwater Monitoring-The excavated soil was removed from the DPW yard by Clean Earth on September 5th.

2013 Road Resurfacing Program-The contractor still has to stripe and address Hurricane Sandy sidewalks. We met with the contractor and discussed the Memorial Field parking lot, which he may start this week. The Recycling Center parking lot will be paved the same time as the parking lot for Memorial Field.

Warburton Pavers- The change order in the amount of \$6,375.00 was approved. The contractor's concrete sub will install the pavers when they address the remaining concrete work for the road program

May Street-A pre-construction meeting was held on Friday, August 16th. The contractor, AJM, is expected to begin work this week.

Municipal Building Gas Supply-We are trying to determine if a booster pump will be required for the proposed upgrade to the municipal building's emergency generator once PSE&G raises Regulator 124. We have left a message with Verizon's GC to discuss what equipment was installed for the cell tower improvements and what the available gas pressure is at their site.

Van Winkle Railroad Crossing-The Department of Transportation is scheduled to address the NYS&W railroad crossing at Van Winkle Avenue starting Monday, September 9th. The crossing will be closed to both vehicular and pedestrian traffic for the entire 5 days expected for construction.

Borough Administrator Maurer

Administrator Maurer stated he received the Best Practices Inventory from the state and will schedule a meeting with the Finance Dept. Challenges this year are related to emergency management post-Sandy. A few changes will need to be decided upon in order to meet 80% of the practices. Police Chief McAuliffe notified Administrator Maurer that he is composing reports for the ordinance committee regarding regulation for riding bicycles on sidewalks and a four way stop at Warburton Ave and Parmelee Ave. Administrator Maurer is assisting the library with negotiations for a union contract and he is working with the Shade Tree Commission on contracts for small tree pruning, area-wide proactive pruning, and the fall tree planting. The contract will be underway in the near future. Administrator Maurer stated that the Council is proceeding with the public workshop on the time limit parking on Diamond Bridge, Warburton and Lafayette Avenue's. The updated information is available on www.hawthornenj.org. This information has been forwarded to the businesses owners on these roads, the Chamber of Commerce, as well as being published in the Hawthorne Press. The meeting will be held on Wednesday, September 18, 2013 to finalize this plan. Administrator Maurer concluded by clarifying that the mark-outs in the area of Cornell Ave/Victor Place were from separate projects.

Questions for the Administration

Councilman Lane asked Administrator Maurer if someone is designated to relay where to access specific information for those without internet access. Administrator Maurer stated that he can answer questions and direct residents to the correct information sources. Councilman Lane asked if the striping can include the rescue building parking lot and the boxes in front of some of the Fire Departments and the Ambulance Corp building. Administrator Maurer stated that Public Works is going to handle the striping in front of the Ambulance Corp building. The other buildings will be not striped until Lafayette Ave and Lincoln Ave are paved.

Councilman Lane asked Engineer Boswell if the generator that Verizon installed will hinder the Borough's normal boiler operations. Engineer Boswell stated that Public Service has approved Verizon's generator and the Borough's generator and boiler with the current service. Public Services does not believe that the addition of the generator will impact the service; however, a booster pump will have to be installed if problems occur. When Public Service raised the regulator, they discovered that there is sufficient gas to power two generators and the boiler. Administrator Maurer added that this matter is weather dependent and Public Service responds to the seasonal demands and demands on the system. The lines are not designed for high pressure, the pressure can only be boosted if the line can handle it. Raising the gas pressure beyond capacity can create leaks. Council Vice President Bertollo suggested inviting a Public Services representative to a DPW meeting to further discuss this issue.

Council Vice President Bertollo asked if the water leak on Warburton Ave needs to be treated with infrared repairs or just paved. Administrator Maurer stated that this will require a permanent repair once it settles; most likely in the Spring.

Councilman Sinning asked if used car lots are regulated by state law. Councilman Sinning made the council aware that there is an individual running a used car lot out of a personal driveway. However, this property technically falls under Prospect Park jurisdiction. Attorney Pasquale stated that an individual can sell two used cars per year without being a regulated used car salesperson and yes, a State license is required for used car dealers.

Councilman Wojtecki stated that there is an area of Goffle Brook south of Arnold Dam where an enormous amount of erosion is coming off of Goffle Road. Engineer Boswell stated that he will look into it. Councilman Wojtecki asked Administrator Maurer how many hours he plans to work as a negotiator for the Library. Administrator Maurer stated that there will be approximately four sessions and each session lasts for about an hour or two. This matter will be further discussed at the Finance Committee meeting. Councilman Wojtecki also asked Engineer Boswell why handicap ramps near May Street were marked out. Engineer Boswell stated that the government changed the regulations for handicap ramps. Therefore, these ramps need to be altered in accordance with the new regulations.

Council President Matthews asked when Lincoln Ave is going to be paved and which county will be conducting the paving. Mayor Goldberg stated that the Interlocal Agreement calls for the road to be paved on both sides and Bergen and Passaic County take turns paving. Administrator Maurer stated that he will look into this matter to get a time frame. The same contractor will also be paving Lafayette Extension and a small piece of Goffle Hill Road. Council President Matthews asked Engineer Boswell if the repairs from the hurricane damage were completed. Engineer Boswell stated that the repairs will be completed during the concrete work within the next couple of weeks.

Councilman Lane stated that at 776 Goffle Road, there is a patch left behind from Public Service has created four sinkholes. Borough Administrator Maurer stated that this is a county road, therefore the county must handle this matter.

Council President Matthews entertained a motion to record the Administrative Agenda, moved by Councilman Bennett, seconded by Council Vice President Bertollo. On roll call, all voted yes.

R 139-13 Introduced by Council Vice President Bertollo

**RESOLUTION IN SUPPORT OF LEGISLATIVE ACTION
TO KEEP OPEN THE TWO CENTERS FOR THE
DEVELOPMENTALLY DISABLED IN NORTHERN NEW JERSEY**

WHEREAS, there are two centers for the developmentally disabled in northern New Jersey: the North Jersey Developmental Center in Totowa and the Woodbridge Developmental Center in Woodbridge; and

WHEREAS, approximately 700 severely developmentally disabled people reside in these two centers; and

WHEREAS, approximately 2,000 people are employed by these two centers; and

WHEREAS, the state has decided to close these two centers and transfer most of the residents to five other centers, three of which are in southern New Jersey and two of which are a bit closer but have few spaces available; and

WHEREAS, such a move would be traumatic for the residents, many of whom have no memories of any other home; and

WHEREAS, the parents and guardians of many of the residents are aging and would find it difficult to travel at least two or three hours to get to the centers in southern New Jersey; and

WHEREAS such travel might necessitate overnight stays, additional expenses and therefore fewer visits; and

WHEREAS, there would be less contact between the residents and their parents, guardians or other relatives, which would reduce the comfort, security and wellbeing of the residents; and

WHEREAS, 2,000 people will lose their jobs; now

THEREFORE, BE IT RESOLVED that the Mayor and Council of the Borough of New Milford support New Jersey State Senate Bill S-2596 and Assembly Bill A-3951 and any future legislation, which would keep the North Jersey Center for the Developmentally Disabled in Totowa and the Woodbridge Center for the Developmentally Disabled open; and

BE IT FURTHER RESOLVED that copies of this resolution be sent to Senate President Stephen M. Sweeney, Senator Joseph F. Vitale, Assembly Speaker Sheila Y. Oliver, Assembly Majority Leader Louis D. Greenwald, Senator Robert Gordon, Assemblywoman Valerie Vainieri Huttle, Assemblywoman Connie Wagner, Assemblyman Tim Eustace, Governor Christie, and Bergen County Executive Kathleen Donovan.

R 140-13 Introduced by Council Vice President Bertollo

WHEREAS, the Municipal Council of the Borough of Hawthorne has heretofore adopted ordinances regarding the 2012 Road Improvement Program, including curbing, sidewalks and driveway aprons, which ordinances provided for the Assessment of the costs of said improvements on property specially benefited thereby in accordance with the provisions of N.J.S.A. 40:56-21 et seq.; and

WHEREAS, in accordance with such statute, the Mayor has appointed an Assessment Commission to conduct required hearings and create an assessment regarding the benefit conferred; and

WHEREAS, the following persons have been named Assessment Commissioners:

Patrice Cornett, 81 Horizon Terrace
Ryan Marshall, 81 Watchung Drive
Ellen Schroter, 103 Sylvester Avenue; and

WHEREAS, the compensation for the Commissioners has been fixed at \$130 per Commissioner, based upon the nature and scope of the appointment;

NOW THEREFORE, BE IT RESOLVED, that the Municipal Council does approve of the appointment and expenditure as set forth above in accordance with applicable statute pertaining to the same.

**R 141-13 Introduced Council Vice President Bertollo
RESOLUTION FOR RENEWAL OF MEMBERSHIP
IN THE MORRIS COUNTY MUNICIPAL JOINT INSURANCE FUND**

WHEREAS, the Borough of Hawthorne is a member of the Morris County Municipal Joint Insurance Fund; and

WHEREAS, said renewed membership terminates as of December 31, 2013 unless earlier renewed by agreement between the Municipality and the Fund; and

WHEREAS, the Municipality desires to renew said membership for the period beginning January 1, 2014, and ending December 31, 2016;

NOW THEREFORE, be it resolved as follows:

1. The Borough of Hawthorne agrees to renew its membership in the Morris County Municipal Joint Insurance Fund for the period beginning January 1, 2014, and ending December 31, 2016, and to be subject to the Bylaws, Rules and Regulations, coverages, and operating procedures thereof as presently existing or as modified from time to time by lawful act of the Fund.
2. The Governing Body shall be and hereby are authorized to execute the agreement to renew membership annexed hereto and made a part hereof and to deliver same to the Morris County Municipal Joint Insurance Fund evidencing the Municipality's intention to renew its membership.

Council President Matthews entertained a motion to approve MR 44-13, R 133-13, R 138-13 through R 141-13, moved by Council Vice President Bertollo, seconded by Councilman Wojtecki. On roll call, all voted yes.

Discussion:

Councilman Lane clarified that R 141-13 only includes JIF not HIF. Administrator Maurer confirmed that R 141-13 includes JIF, property, casualty, and worker's comp.

Council President Matthews asked Administrator Maurer about the amendment to R133-13. Administrator Maurer explained that there was a miscommunication about the cost and that number has been updated.

PUBLIC COMMENT

Council President Matthews opened the meeting to the public. He stated if anyone desired to be heard, please raise your hand to be recognized, come forward to the microphone, state your name and address and sign the sheet for the record.

Gene Barbieri, 70 Rea Ave

Mr. Barbieri asked if the public hearings on redevelopment were announced. Attorney Pasquale stated that the ordinance committee will be meeting on Tuesday, September 17, 2013 to re-finalize the ordinance. The first public hearing should be scheduled at the end of September or the beginning of October.

Connie Gordon, 289 Rea Ave

Ms. Gordon congratulated the DPW for their rapid response to the leak in her house. Ms. Gordon also asked about the status of the enforcement for speeding on Rea Ave. Administrator Maurer responded by stating that he will follow up with the county. Ms. Gordon asked if increased enforcement can be implemented for children riding bicycles without wearing helmets. The Council agreed to follow up on this issue.

Council President Matthews entertained a motion to close the public portion of the meeting, moved by Councilman Wojtecki, seconded by Councilman Mele. On roll call, all voted yes.

ADJOURNMENT

At 8:22p.m., Council President Matthews entertained a motion to adjourn the regular meeting, moved by all, seconded by the others. On roll call, all voted yes.

THE NEXT REGULAR MEETING OF THE MUNICIPAL COUNCIL WILL BE ON **WEDNESDAY, SEPTEMBER 18, 2013**. THE WORK SESSION WILL BEGIN AT 7:00 P.M. WITH THE REGULAR MEETING IMMEDIATELY FOLLOWING.
